Are you just plain tired?

**Well, MS. JOE DOKES CLU, BROKERBUSTERS is here to say — stop being tired !!!**

We know the frustrations an agent goes through each day. You fight your competitors for your prospects. You fight your home offices to get the policies issued. You fight your clients to place their unfairly rated cases. Sometimes it just feels like you are fighting all day long, doesn't it?

Well, BROKERBUSTERS is here to say — stop fighting!

And we say: No more cold calls! No more hard-to-place policies! No more chargebacks!

And why do we say these things?

Because BROKERBUSTERS is here to say — no more!

**Here's THE FIVE-STEP patented plan available to a limited number of select agents in your area:**

1. We'll buy the qualified mail lead list for the market and ZIP codes that you choose.
2. Then we'll mail out our state-of-the-art high-response brochure to 115,000 prospective buyers.
3. One of our highly trained telephone professionals will then follow up with the entire list.
4. Next, our sales staff will close a record-high percentage of your prospects and take the application right over the phone!
5. Finally, one of our 50,000 certified enrollers will personally deliver the policy, issued by a top-rated insurance carrier, pick up the first month's premium, and add it to your production account total.

Sounds pretty great, doesn't it? So what's the catch? What do you have to do?

Just email us your Visa or MasterCard account number and personal information number (PIN) to [HelpDesk@Brokerbuster.com](mailto:HelpDesk@Brokerbuster.com), and then get ready to decide exactly how you would like to spend all of those top commissions that will soon be pouring into your new direct deposit account.

But wait a minute, you are saying, why are we making you this great once-in-a-lifetime exclusive and limited offer?

Hey, we already told you, DOKES CLU, JOE.
